

Vivid Digital – No-Loss Crypto Campaign

1. Prerequisites

- The Vivid Digital No-Loss Crypto Campaign ("**Program**") is an invitational program. Vivid Digital S.r.l. ("**Vivid Digital**") can make at its own discretion an offer to existing and/or new customers of Vivid Digital ("**Eligible Customers**") to participate in the Program (an "**Offer**"). The offer may be sent by Vivid Digital via email or notification in the Vivid App.
- Upon receipt of an Offer, an Eligible Customer is entitled to participate in the Program on the basis of the terms and conditions set out in this document. Eligible Customer receiving an Offer who have not yet opened a Crypto 2.0 pocket with Vivid Digital should do so first in order to participate in the Program.

2. Conditions of the Offer

- An Eligible Customer who has received an Offer may buy for at least EUR 50 (fifty) any coin from the following list: BTC; ETH; ETC; BCH; ADA; SOL ("**Specific list**"). New coin(s) may be added to the Specific list upon sole discretion of Vivid Digital. Please note that EUR 50 (fifty) is the minimum amount for buying under this Program.
- The list of the coins available under the Program will be additionally provided to the Eligible Customer by Vivid Digital together with the relevant Offer.
- An Eligible Customer receiving one Offer may buy only one coin from the Specific list.
- The minimum holding period under the Program is 7 (seven) calendar days starting from the date of buying the relevant coin from the specific list ("**Holding Period**"). This means that an Eligible Customer should hold the coin purchased under the Program for at least 7 (seven) calendar days in order to be eligible for Loss Compensation (see below).
- The Vivid Digital – No-Loss Crypto Campaign will run from 15 June, 2022 until 15 July, 2022. Vivid Digital can decide to shorten or extend this period at its own discretion.

3. Loss Compensation for Eligible Customers

- The compensation will take place on the 30th day after the day an Eligible Customer has made a purchase of the coin ("**Compensation day**").
- If on the Compensation day the Eligible Customer has incurred a Loss, Vivid Digital will compensate such Eligible Customer by crediting an amount of money equal to the amount of the Loss to his/her Main Pocket (the "**Loss Compensation**").
- A "**Loss**" means the amount of the negative difference between the cost of the position held by the Eligible Customer at the Compensation day and the amount spent by the Eligible Customer. Vivid Digital will in this case also compensate the commission paid by Eligible Customer to purchase the relevant coin.

- If an Eligible Customer has sold the purchased coin after the Holding Period, Vivid Digital will compensate for the negative difference between the money received at the moment of selling and money spent on the purchase of the relevant coin on the Compensation day.
- Please note that the Program applies only to the first purchase.
- The maximum amount of the Loss Compensation in all cases is EUR 10 (ten euro).
- For the avoidance of doubt, there is no requirement for an Eligible Customer to sell the coin after the expiration of the Holding Period in order to be eligible for receiving any Loss Compensation and repayment of commission (if applicable).
- However, if the Eligible Customer sells (part of) the coin before expiration of the Holding Period, he/she shall no longer be eligible for the Loss Compensation and commission compensation in relation to such coin.
- The Loss Compensation and commission compensation amount will be credited to the Eligible Customer's Main Pocket within a period of 5 (five) after the Compensation day.
